Tea Ceremony Experience

This experience is offered as a private session in the comfort of your room and can be held in either a Japanese-style or Western-style setting.

In a tatami room, you can enjoy a more authentic atmosphere and experience the traditional setting of the tea ceremony.

In a Western-style room, the experience is conducted as a "table-style tea ceremony," using chairs and a table, making it comfortable for those who prefer not to sit on the floor.

The session begins with a demonstration by the host, who will prepare a bowl of matcha for you to enjoy.

Afterward, you will have the opportunity to prepare your own tea and enjoy it together with seasonal Japanese sweets.

In the quiet flow of time, we invite you to savor a single bowl of tea and experience a moment of calm and mindfulness.
